

## Case Study

Providing cost effective accounting services to businesses nationwide

Office Watercoolers are an industry-leading supplier of environmentally friendly bottled water and mains fed water coolers.

Ratiobox have been working with Office Watercoolers for 10 years and during that time have naturally built up a very strong professional working relationship with them.

Ratiobox have been instrumental in enabling Office Watercoolers to expand exponentially by playing a major part in assisting and guiding the successful acquisition of 10 additional businesses.

Office Watercoolers continue to use our industry experience and expertise from monthly accounting and management of financial accounts to senior board level advisory services.

No matter how unique or individual your business is, we deliver a personalised bespoke solution and service to match your exact needs.
