

Case Study

Providing cost effective accounting services to businesses nationwide

RUSH are a long standing UK courier service with delivery networks in Central London, Tottenham and Cambridge and are a founding shareholder of the nations largest delivery network, APC Overnight.

RUSH approached Ratiobox for a cost effective way to outsource the management of their purchase ledger.

Ratiobox's qualified and skilled staff were not only able to successfully manage this function effectively they quickly identified other additional areas where RUSH would significantly benefit from using Ratiobox. Ratiobox now provide a qualified accountant for 1 day a month to complete their month end processes and produce a monthly management report for reporting to the bank.

For over a year now Ratiobox have maintained and managed these services for RUSH, saving tens of thousands a year in staff overheads such as salary, employers national insurance, employers pension contributions, staff sickness, holidays and training, simply by outsourcing the key accounts function of these areas to Ratiobox.

No matter how unique or individual your business is, we deliver a personalised bespoke solution and service to match your exact needs.
